

THE PATRIOT

The 1969-1970 George Mason College Handbook "The Patriot"

"THE PATRIOT" is an introductory handbook for all new students. It serves to familiarize incoming students with the "Mason way of life". This handbook is only the third of its kind.

The first handbook was initiated by former student government president Michael Johnson in the summer of 1966. That first issue was edited by William Ahlfield and Michael Zimmerman.

OUR HONOR SYSTEM

*"ENTER BY THIS
AND SEEK THE WAY OF
HONOR, THE LIGHT OF
TRUTH, THE WILL TO WORK
FOR MEN."¹*

The Honor Code at George Mason College is patterned after that of the University of Virginia. The Honor System has been a tradition in the University System for more than a century. Though the formal adoption of the code came in 1842, its origin can be traced back to Thomas Jefferson's own personal code of life. Mr. Jefferson once wrote, "Whenever you are to do a thing, though, it can never be known but to yourself, ask yourself how you would act were all the world looking at you, and act accordingly. Encourage all your virtuous dispositions, and exercise them whenever an opportunity arises, (for) exercise will make them habitual."²

In the early years of the University of Virginia, quizzes and examinations were conducted under strict surveillance by the faculty. A general atmosphere of uneasiness and mistrust developed between the students and faculty as a result of the awkward and unpleasant strictness of the proctor system.

This undesirable condition led to the establishment of an initial code of conduct which applied only to written examinations. Since that time the pledge has been extended to all work submitted for credit, statements made to the Faculty or Administration, and other declarations of good faith. In addition to this the Honor System now covers lying, stealing, and cheating.

The Honor System is now entirely enforced by the student body and it is the responsibility of each individual to uphold this system while at George Mason College. Part of this responsibility involves learning the principles of the system and the part the student has in it.

The effectiveness of the system is dependent upon each student's willingness not only to act with an honorable spirit in his own dealings with the rest of the academic community, but also to actively accept the responsibility of encouraging his fellow students to uphold the honor system. We must not tolerate any individual who degrades himself and the system by lying, stealing, or cheating.

The Honor Code is more than a few laws. Of more significance is the spirit of the Code. It is one of mutual trust and mutual respect which pervades every aspect of life at George Mason College. There are immediate and tangible benefits gained from the Honor System. Student possessions are safe from vandalism when left unattended, there is freedom from proctored examinations, and students are often allowed to leave the classroom during an examination. The students of George Mason College appreciate this independence to pursue learning in a mature atmosphere without suspicion.

Before entering the academic community of George Mason College all students must sign an honor pledge card. This card states that the student understands and agrees to abide by the Honor System. The Honor Committee stresses the importance of rereading the Code frequently so that the student is familiar with all aspects of the Code. Ignorance of the system is not accepted as an excuse for violation of the Honor Code. Students must make a sincere effort to incorporate the spirit of honor into their daily life. Therefore, students are urged to check with member of the Honor Committee, their advisor,

student-student advisor, or with a faculty member if there are any questions concerning the Honor Code or its application.

The Honor System is an integral part of the College. From the moment you registered, you have assumed a heavy personal responsibility to keep the Honor Code untarnished. You have two definite obligations: 1) the obligation to abide by the Code, i.e., not to lie, cheat or steal, and 2) the obligation to enforce the Code, i.e., performing the solemn duty of reporting those who would dare violate the Honor Code and take advantage of their fellow students.

Any student witnessing a violation of the Honor Code shall enlist a corroborating witness. Both must approach the suspected party and inform him that he has forty-eight hours in which to either report himself to a member of the Honor Committee or elect to resign from the College.

If a student requests a hearing, a date is set, witnesses and evidence are subpoenaed, and a prosecutor and defense counsel are arranged. Prior to the hearing the defendant may consult with any Honor Committee member about the procedure for a hearing. He is entitled to a defense counsel of his choice from any student of George Mason College. He may choose to defend himself.

An Honor violation is a serious offense. An offender may be suspended from school. If a verdict of guilty is reached by the Honor Committee judges, a student may appeal to the Chancellor, or ask for a retrial on the basis of new evidence. The Honor Committee shall make recommendations to the Dean of Students concerning the penalty that befits the seriousness of the violation.

The Honor Committee consists of a group of students elected from the student body. Their primary duty is to instill the concepts and spirit of honor in the student body. The secondary function of this group is to sit as a court on all violations of the system.

The Honor Committee consists of five members from the Junior Class, two of which are alternate judges; four elected from the Sophomore Class, two are alternates; and a faculty advisor to the committee to be nominated by the Honor Committee and approved by the Dean of Students of George Mason College. All serve for a period of one year.

Any student maintaining a 2.0 grade-point average, and is in good standing with the College shall be eligible for the Honor Committee. The Election Committee of the Student Government certifies each candidate's eligibility. Maintenance of a 2.0 average is required for a judge to continue in his office.

Members of the Honor Committee are: Susan Strong (560-2369), Steve Hichcock (941-9266), George Berry (451-3604), Jean Barch (273-1914), Pat Willette (534-2522), Tom Brown (494-3848), and Charlie Ballanger (256-0662).

The Honor System is the backbone of George Mason College's campus life. Its simplicity of framework gives it the necessary flexibility to encompass all aspects of College life by creating a mature attitude of mutual respect and responsibility.

Barton Kramer – former Honor Committee member.

Athletics form an integral part of campus life at George Mason College. The intercollegiate and intramural programs offer a wide variety of athletic activity to each student as either a participant or a spectator.

Intercollegiate

This will be the third year in intercollegiate competition for George Mason College. The Patriots will again compete against colleges in Virginia, Maryland, Pennsylvania and surrounding states on the East Coast. Varsity competition is conducted in cross-country, soccer, basketball, tennis, golf and baseball.

The College is a member of the National Collegiate Athletic Association (NCAA) and the National Association of Intercollegiate Athletics (NAIA). Under the rules of these governing bodies, freshmen at George Mason College are eligible for varsity competition. The College currently participates in the Maryland Intercollegiate Conference. Other conference members are St. Mary's College, Frostburg State, Bowie State and Coppin State from Maryland; and D.C. Teachers College and Gallaudet College from the District of Columbia. The Athletic Council has general supervision over the intercollegiate athletic program.

Any student wishing to participate in the intercollegiate athletic program will have the opportunity to indicate his interest by signing up during registration. If you have any questions concerning the program, you may contact Mr. Hap Spuhler, Athletic Director, in his office, Room 20W.

Here at George Mason we have a cross-country team. Last year the team, composed primarily of freshmen, posted a record of 5 wins and 6 losses in only its second year of intercollegiate competition.

The Patriot harriers defeated York College, St. Mary's College (twice) and Bowie State (twice). Losses came at the hands of Randolph-Macon, Eastern Mennonite, Montgomery Community College, Prince George's Community College and U.S. Military Academy Prep (twice).

The team roster included freshmen Pat Brant, Bert Carmody, Dave Eastman, Jim May and Rick Royer, plus senior Harry Stimpson. This experienced sophomore group will be strengthened this fall by several promising freshmen including Chris Anuswith, (Edison), Tim Carr, (R.E. Lee) and Stu Ellis (Geo. Wash.).

Despite the rugged 14 meet schedule, Coach McAdams views the 1969 season with optimism.

The soccer team after enjoying a winning record of 4 victories and 3 defeats in 1967 upgraded its schedule for 1968 with rather disastrous results. Playing some of the best soccer teams in the area, the Patriots managed only 1 win and 7 losses. The win was over conference foe Bowie State while losses were to Federal City College (twice), George Washington University, Salisbury State, Montgomery College, Gallaudet and Hawthorne College. The inter-sectional game with Hawthorne College of Antrim, New Hampshire was one of the season's highlights. The Patriots were a young team (only two juniors and one senior) and the rugged schedule afforded them invaluable experience for the future.

Coach Fecteau is already looking forward to next fall with 14 lettermen returning, including high scoring forwards Raul Ricarte, Dave Sullivan and Pat Brown. With this group as a nucleus, plus several good freshmen, prospects from area high schools, where soccer is becoming an increasingly popular sport, this season should see great improvement.

The 1968-69 basketball season was perhaps just as discouraging as the soccer season. Any hopes of a winning season disappeared early when Hal Woodside, leading scorer and All-Conference guard in 1967-68, was out of action for the season with a knee injury suffered in the third game and Ron Zimbardo who at 6'5" furnished most of the team's height was sidelined with a broken wrist. In addition to the crucial losses two other starters were declared ineligible at the semester break for academic reasons. To climax the misfortunes of the Patriots, Coach Spuhler missed the last half of the season with a broken leg as did head cheerleader Laura Beaty.

Based upon the philosophy that things cannot get worse, Coach Spuhler is looking forward to the 1969-70 season,

Cross-Country Schedule 1969

Oct. 1	Bowie State	here
Oct. 3	Randolph-Macon	here
Oct. 7	Eastern Mennonite	here
Oct. 10	St. Mary's	there
Oct. 17	U.S.M.A. Prep	there

Oct. 31	Prince George's	there
Nov. 4	Bowie State	there
Nov. 7	U.S.M.A. Prep	here
Nov. 11	Prince George's	here
Nov. 14	West Maryland	there
Nov. 15	Gallaudet Invitational Meet	there

particularly the last half of it, with guarded optimism. He will welcome back three returning starters in Scott Leaser, last season's Most Valuable Player award recipient, Don Seymour and Mark Crockett. Promising freshmen prospects are Warren Masten (All-District forward, Edison H.S.), Ken Castell (All-District guard, Garfield H.S.), Jimmy McGrath (Bishop Ireton) and Jeff and Jerry Fleming (R.E. Lee H.S.). Transfer students who are being counted upon heavily are Mike Mileur (Appalachian State) a 6'2" forward; Bob Penland (High Point) a 6'6" center and Jim Dickey (NVCC) a 6' guard. Mileur and Penland will not be eligible until the second semester. With the development of the new freshmen and the availability of the transferees the team should be in good shape for the last half of the schedule and the post-season MIC tournament.

The team will face a rugged 25 game schedule which includes several strong new opponents such as York College, Bridgewater College, St. Mary's College and Salisbury State.

Soccer Schedule 1969

Sept. 26	Hampden-Sydney	there
Oct. 1	Bethesda Navy	here
Oct. 3	Gallaudet	there
Oct. 6	Old Dominion	there
Oct. 14	Frostburg State	here
Oct. 17	Bowie State	there
Oct. 21	Bowie State	here
Oct. 23	Montgomery C.C.	here
Oct. 25	York College	there
Oct. 29	Bethesda Navy	there
Nov. 1	Salisbury State	there
Nov. 4	Prince George's	here
Nov. 8	Federal C.C.	there
Nov. 11	American U.	there

In baseball, the 1969 Patriots compiled an outstanding record. The team finished regular season play as co-champions of the Maryland Intercollegiate Conference with Frostburg State. Both teams had identical 9-1 league records. The Patriots then went on to win the post-season MIC Tournament. In an earlier tournament George Mason College represented the state of Virginia in the Quantico Collegiate Tournament competing against colleges from seven other states. The team finished fourth.

After getting off to a slow start with only two returning regulars the dark green and gold put on a torrid stretch drive to win 13 of their last 15 games and their two titles. Prominent in this stretch drive were co-captains catcher, Ed Fredette and shortstop, Curt Wood. Ed led the team in hitting with a .380 batting average and was strong defensively behind the plate. Curt did a superb fielding job while anchoring the infield at shortstop and produced many timely hits. Others who contributed greatly were Buddy Fredette, Ed's brother and the team's leading pitcher; Dave Sullivan, hard hitting outfielder and pitcher; and Bill Collins, centerfielder and second leading hitter.

Curt Wood was the recipient of the Warren Gamble Memorial Award presented annually to the baseball player voted most valuable by his teammates.

With the return of lettermen Buddy Fredette, Jim Wentworth, Dave Sullivan, Brian Page, Robby Tolson, Bill Collins, Mike Hilleary and Grover Tyler, Coach Spuhler is already looking forward to this year's fall and spring schedules. The returnees will be pushed to retain starting slots by a bumper crop of freshmen including Jimmy McGrath, (Bishop Ireton), Gary Roth (Marshall), Ray Gabler (Oakton), Walter Bottiny (Woodson), Steve Burford (Woodbridge), Ken Casteel (Garfield), Jerry Fleming (R.E. Lee) and Charles Goode (Stonewall Jackson). Transferees who should help are Tom Andrews (Bridgewater), John Driver (Ferrum) and Bob Harrington (NVCC). Another plus will be the return to action of starting infielder Dave Hobson who broke a leg early in the 1969 campaign.

The fall baseball schedule will again include such strong opponents as the Naval Academy, American U. and Towson State. In the spring the Patriots will face 31 regular schedule opponents and compete in the Maryland Intercollegiate Conference Tournament.

The baseball team enjoyed another successful summer program competing under a local commercial sponsor. This eight-month baseball program which encompasses fall, spring and summer schedules is rapidly establishing George Mason as a college baseball power.

The 1970 athletic season will see the first varsity tennis team at George Mason College. Last spring tennis was played as a club activity and the club compiled a record of 2 wins, 3 losses and 1 tie.

Outstanding members of the tennis club team were Rod Tomkins, Thorne Watkins, Rick Hathaway, Drew Cushman and Ray Smith. All except Smith will return to form a nucleus for the College's first varsity tennis team. Among the incoming freshmen with tennis experience are Charles Wood (Garfield) and Mike Leisher (Marshall). Two coeds could possibly make the team should they decide to become candidates. They are Kathy McDonald, 1969 women's intramural champion and Cathy Semnuk who won that title in 1968.

Basketball Schedule 1969-70

Dec. 3	Frostburg State	there
Dec. 6	Christopher Newport	here
Dec. 8	St. Mary's	there

Feb. 18	Madison	here
Feb. 20	D.C. Teachers	there
Feb. 23	Gallaudet	here
Feb. 27	MIC Tournament	
& 28		

New tennis coach Mark Tannenbaum will pilot the 1970 squad through a strenuous 12 match schedule.

Golf is another sport that will attain varsity status in 1970. Last season several George Mason golfers held practice sessions in preparation for the Maryland Intercollegiate Conference tournament. No dual matches were scheduled. Only two players were able to participate in the tournament but they proved to be worthy representatives. Brad Grabill won the MIC Tournament championship and Joe Martin just one stroke behind won the tournament runnerup.

With these two stalwarts returning and a promising group of freshmen led by Stu Bradford, (Woodson) and Stan Adams the first Patriot golf team could be a strong one.

Intramurals

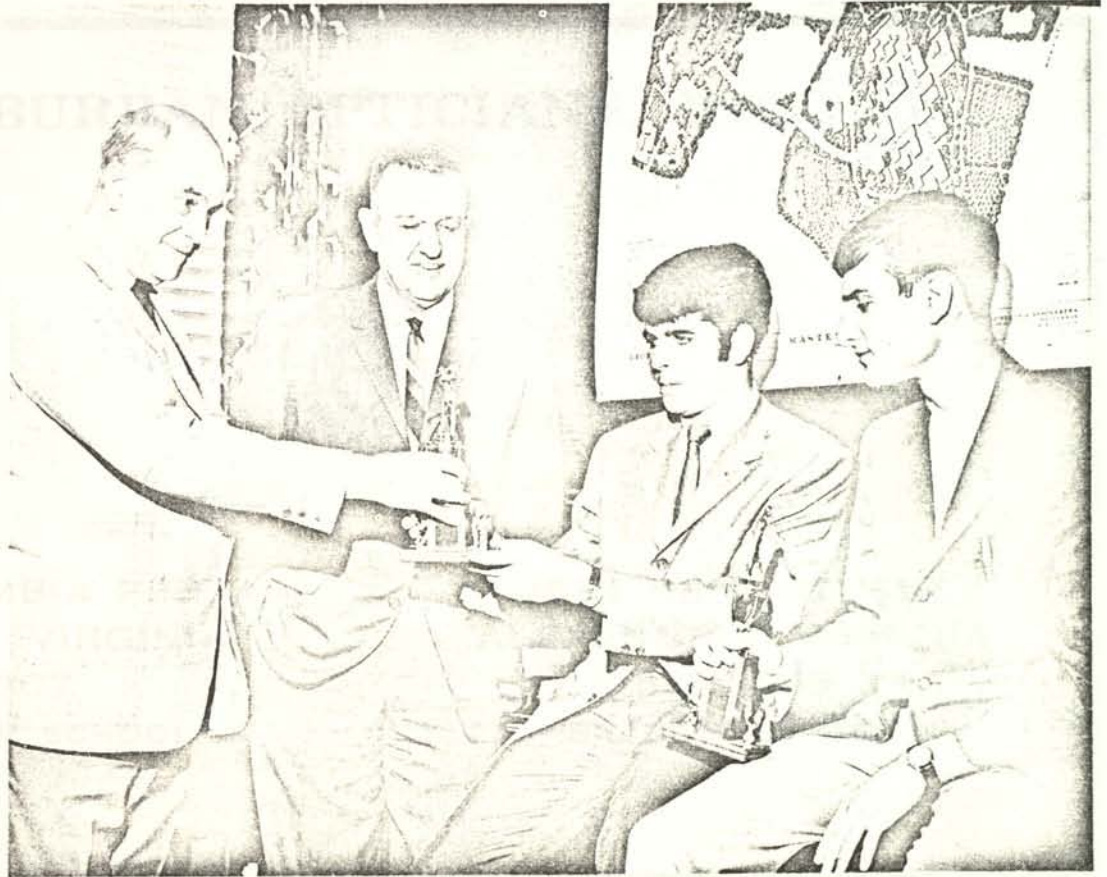

The intramural athletic program gives each student the opportunity to participate in sports of his own choosing. Facilities are available for tennis, badminton, volleyball, paddle tennis, soccer, flag football, softball and outdoor basketball. Competition is planned for flag football, volleyball, basketball, softball and tennis.

Individual awards are presented to intramural winners. Permanent intramural trophies and plaques are kept on display in the lobby of the Administration Building. The latest addition to the trophy case is the Dean H. Mebane Turner Intramural Tennis Trophy honoring the former Dean of Students who was instrumental in developing the athletic program in general and tennis in particular at George Mason College. The names of annual intramural winners are inscribed on this trophy.

Students are urged to sign up for any phase of the intramural athletic program during registration or through their student-student advisory councilor. This will be of great assistance to the Intramural Council in determining the number and composition of teams for team competition, and the size and type of tournaments for individual competition.

Senator Khatcheressian, under lampshade, takes part in Patriot's Day Parade.

STUDENT GOVERNMENT

The Student Government of George Mason College, an active and well-organized body, is in its fourth semester under the present Constitution. The Mason Government is very similar to the three-branch U.S. system. Two bodies, the Senate and Club Council, comprise the Legislative Branch of the Student Government. The Executive Branch is composed of the President, Vice-President, Treasurer, Recorder and Activities Chairman. The Judicial Branch is made up of the Constitutional Review Committee.

Elections to the Senate and the executive offices are in May. However, special elections may be held at any time to fill vacancies. Elections for Freshmen Senator occur during the second week in November.

Elections are of major interest here at the College. Posters, speeches and special events characterize each election.

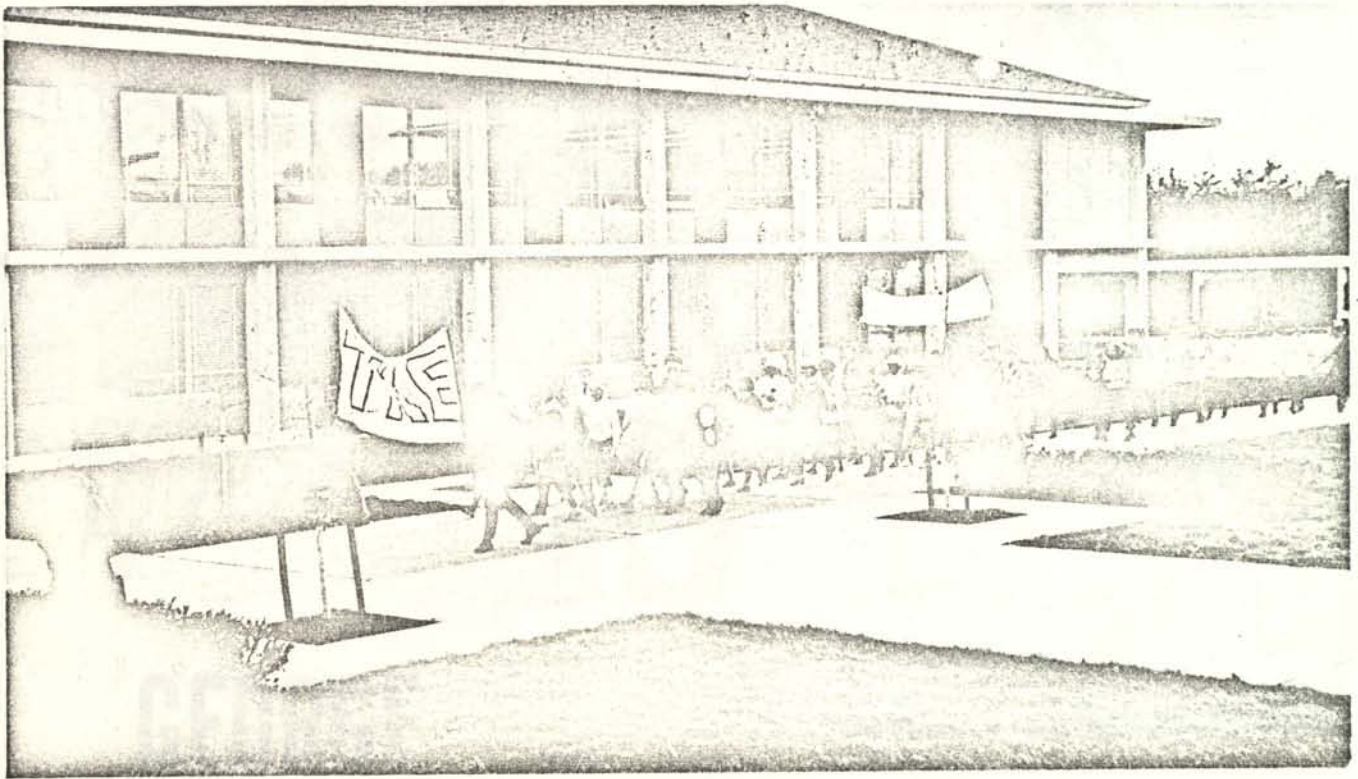

Perhaps the most active areas of the Student Government are the Senate and the Activities Committee. The Senate, composed of 12 Senators, discusses and votes on topics of major interest to the students. Last semester, the Senate, under the leadership of Chairman Charles Mendenhall, was instrumental in the formation of the Academic Community Council.

The Activities Committee, appointed and headed by the Activities Chairman, organizes all student-government sponsored events. The Activities Chairman also coordinates all club activities through the Club Council.

The Constitutional Review Court "cam to life" last semester under the leadership of Vice-President Mondie Bullock. Miss Bullock and the Court clarified numerous constitutional questions.

Each year, the Student Government has been instrumental in creating not only traditions, but new ways of benefiting students. This year, a more streamlined and personnel orientation program is being employed. In addition, Student Government, in conjunction with the Senior Class, has arranged for Senior parking privileges. Also, the popular tradition of beanie has been initiated at George Mason for the first time this year.

It is always a good practice to know your Officers and your Senators. This year's officers are President Mike Baker, Vice-President Jim Prohaska, Treasurer Jim Hawkins, and Activities Chairman Arlene Lyles. The Senior Senators are Gail Chase, John Lawson and Bob Ho. Junior Senators are Jeanne Schwab, Bill Baily and Peter Rodriguez. Beth Solomon, Dave Henderson and Eileen O'Gorman are Sophomore Senators. The Chairman of the Senate is Chuck Czarny.

ACTIVITIES

The activities this year will include the traditional events as well as several new ones. September 9, after the Placement tests, free hot dogs and cokes will be provided by the Student Government followed by the movie, "Good Neighbor Sam." A Club Carnival will also be held in which the various clubs will put on activities to explain the function of the clubs as well as to provide welcoming entertainment for all the students. The first week of school will be Beanie Week, during which all freshmen will be required to wear their Beanies. Beanies will be sold for 60 cents on Registration Day. At the end of the week, there will be a pool party or mixer to welcome all the old as well as the new students.

ATOM Week—Aid To Our Men—will be the week of October 6. During the week, a UMOC Contest will be held to choose our "Ugly Man On Campus." Each club or group of people can support a candidate and each candidate will give speeches and dress accordingly for the ugly man on campus. The movie, "I Saw What You Did, and I Know Who You Are", will be shown on Wednesday and the "Playboy Club" will be the happening Friday Night. This will be the ladies' chance to date the male of her choice and to also support him financially for a week.

November 14 will be Patriot's Day. Classes will be canceled after 3:00. At 3:00 there will be a parade, followed by a football game against Northern Virginia Community College. After our victory, dinner will be served in the Ordinary. While dinner is being cleared away and the evening dance prepared,

the lecture hall will become the movie theater of George Mason to present "Darling." The evening dance will end this eventful and victorious day.

There will be a Christmas decorating party to brighten up our campus and add some Christmas cheer on December 19. Christmas cookies and punch will be provided for the decorators.

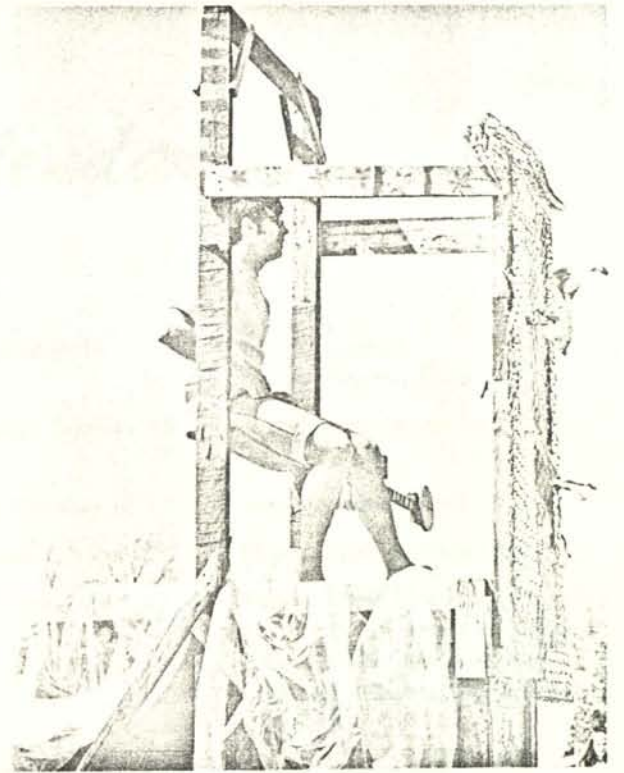

On October 15 there will be a Jazz Concert in Lecture Hall I featuring the Arnie Paul Quintet. In addition, there will be movies every other Tuesday night from 7 to 9 and Wednesday afternoon from 12 to 2.

GMC's First Dormitories.

Campus Organizations

NEWMAN CLUB

The purpose is to form responsible individuals of any denomination who will recognize their role as students of George Mason College and will manifest this in involvement within the university community. It was founded three years ago as a religiously oriented club. However, the club now stresses social action and an ecumenical spirit.

Activities for next year include bake sales, hay rides, Milk Masses, Social Action (Helping Culturally deprived children in Fairfax County), Halloween Party for children in the Gum Springs Area, Christian weekends, dance parties, and sponsoring of dunking booth and Baby Food Eating Contest on George Mason Day.

Membership is open to all George Mason College students. There will be special emphasis in recruiting freshman in the fall. Anyone wishing to become a member, or to get more information, feel free to call Tom Bush, 273-2335.

Newman Halloween Party

BIOLOGY CLUB

The Biology Club has come to life in the last year. They had a large following no doubt due to their policy of having dinner meetings and their increased field trip activities. A new constitution was written and put into effect by its members.

The Biology Club sponsored a selection of films dealing with man's relationship and dependence upon the natural environment emphasizing that to destroy the natural environment is to destroy man himself.

The Biology Club is open to any individual interested in the life sciences. A conspicuous characteristic of this club is

that faculty participate as members. Dues are decided by the amount of activities requiring money undertaken by the club. This year a myriad of activities are in planning and will be initiated by the new president. Meetings are held once a month on the first Wednesday of that month, and are amply publicized by posters as to time and place. Those interested in the Biology Club are invited to attend a meeting.

Lambda Tau Omega Sorority

LAMBDA TAU OMEGA OFFICERS.

Lambda Tau Omega, founded on March 9, 1967, has the honor of being the first and only sorority on the campus of George Mason College.

The Sisterhood prides itself in bringing women together for the purpose of working towards the benefit of both school and community. The development of the individual, also of prime importance, is stressed through the promotion of scholarship, justice, leadership, achievement, personal integrity, and friendship.

Lambda Tau Omega has gained recognition through annual projects which include the sponsoring of the Miss George Mason College Contest; participation in the WETA Channel 26 T.V. Auction, the Mason Bowl, George Mason Day Activities; and the creation of Gentle Friday, the celebration of the first day of Spring. Donations to various school and community activities such as the Retarded Children's Swimming Pool at Camp Tappawingo, the Fairfax Nursing Home, Children's Hospital, the Lecture Series, and the Literary Club also hold a high position in the activities best exemplifying Lambda Tau Omega's foremost ideals.

Future plans for the Sorority include rush and pledge activities in the Spring of 1970, colonization with a National Sorority, and the continued support of the National Leukemia Foundation's battle to end this dreaded disease.

The Sisterhood of Lambda Tau Omega cordially invites all interested women to attend rush events scheduled for the Spring of 1970. Pledge bids are extended to those women who have completed at least one semester at George Mason College, have maintained at least a 2.0 average, and truly show interest in the goals and purposes of Lambda Tau Omega Sorority.

The Sorority officers of 1969-70 are Nancy Sardonia, President; Linda Gamble, Vice President; Kathy Enderle, Secretary; Karen Schnetzler, Treasurer; Gini Moore, Sargeant-at-Arms; and Dotty Blum, Historian.

Kappa Sigma

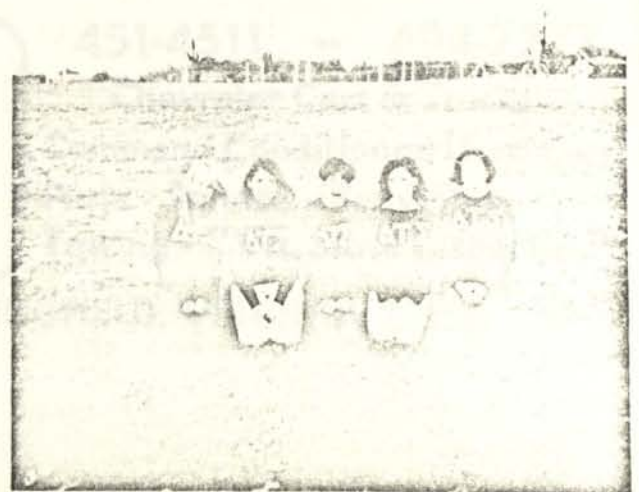

Kappa Sigma Colony, formerly Delta Tau Sigma, is pledging Kappa Sigma National Fraternity, which was founded December 1, 1869, at the University of Virginia. Kappa Sigma is one of the oldest and largest nationals, boasting an endowment fund of 2.5 million dollars. Kappa Sigma stresses academic scholarship above everything else. Last year alone over 30 thousand dollars in scholarships were given to individual members. Individual academic achievement is a major goal for all Kappa Sigmas.

Kappa Sigma is very active in campus life at George Mason College. They originated the Annual Charity Ball four years ago and have succeeded in donating several thousand dollars to such organizations as the Heart Fund, Fairfax Police Boys Club, and the George Mason Scholarship Fund. They also represent the Red Cross each year on the George Mason campus by sponsoring a Blood Drive. Kappa Sigma is not only active in the community but also in student activities. They originated the annual George Mason Bowl, the highlight of the football season. Kappa Sigma dominated the athletic

intramural program by capturing both the football and softball championships. Furthermore, they have leading members on all the varsity athletic teams at George Mason College. The membership is also active in Student Government and other elected student offices. Kappa Sigma was the first recipient of the award for the Outstanding Men's Organization on George Mason College campus.

Kappa Sigma is perhaps best known for their reputation as throwing "the best parties on campus." They promote the social life at George Mason by holding several "open" parties during the year.

As you can see by their list of achievements, Kappa Sigma is instrumental in promoting service projects that develop the college, the community, and the individual man.

THE ADVOCATE

The 1970 *Advocate*, the George Mason College yearbook, expects to make great strides this year. With a new staff and new equipment, improvement is certain. A larger book size and probably more pages will increase the opportunities of

the staff. If you feel you would like to work on the *Advocate* staff, stop into room 15 S and talk to someone. Any questions you have will be answered there also.

LA

AMISTAD

La Amistad is an organization devoted to spread an understanding of Spanish and Latin American Culture through friendship. Many of the clubs activities will be directed in informing not only GMC student body of Spanish and Latin American Culture, but also informing and helping financially Latin American countries of our culture. Much of this work will be accomplished through the OAS. La Amistad plans to work very closely with the World Affairs Club in their work, and in sponsoring International Day late in April. Also we intend to educate the tongue as well as the mind with tasty Spanish and Latin American treats.

The officers are Mary Angela Gonzales, President; Ramon Planas, Vice President; Karen Marsey, Treasurer; James Craten, Secretary; and our wonderful sponsor, Mrs. Nancy Brooks.

STUDENT EDUCATION ASSOCIATION

The Student Education Association was created in the fall of 1967. It is now associated with the National Education Association and the Virginia Education Association. SEA is a professional organization open to those students who are interested in a career of teaching. Also, members receive both national and state publications concerning today's education. Meetings are held once a month. The programs vary from special guests and films to Student-Faculty forums. Every Saturday, the SEA team-up with the Newman Club in helping underprivileged children from Fairfax County. Membership forms can be obtained in the Education Office, Room 204 E.

QUINTILIAN CLUB

The Quintilian Society of George Mason College, initiated as the Honor Society in 1964, adopted its present name and constitution in the spring of 1968. The Society was named after Marcus Fabius Quintilian, a Roman instructor of public speaking and rhetoric. Quintilian's aim was to mold the character as well as the intellect, and, for this reason, he was chosen as namesake for our society.

A student who has completed at least forty-five semester hours, thirty of them at George Mason College; has a cumulative grade point average of 3.2; has a minimal twelve-hour schedule; and has personal recommendations by the Society's members will receive an invitation to membership from the Society's president.

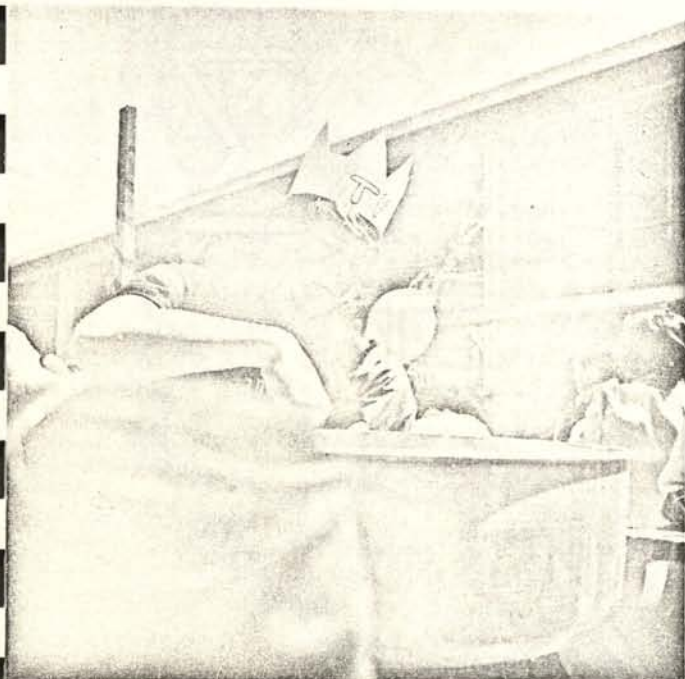

Each semester a banquet is held to welcome new members into the Society. Last year, the Society held its first banquet at Tom Sarris' Orleans House in Rosslyn.

Last year the Society's members selected a pin which is pictured with this article. The pin is a representation of the lamp of knowledge—the purpose of the Quintilian Society is to encourage scholarship and cultural interests and to honor those students for their academic excellence at George Mason College.

The Quintilian Society's primary service activity is the donation of books to the college library, funds for which come from the membership dues of two dollars per semester.

Officers for 1969-1970 are: President - Susan Strong, Vice President - Gail Chase and Secretary-Treasurer - Carolyn Boyer.

Tau Kappa Epsilon

TKE on George Mason Day.

The Symposium of Tau Kappa Epsilon is a most outstanding men's group on campus. They boast the largest membership and highest over-all average of any men's group. The Symposium was the first male service group to form on GMC, the first to affiliate with a national fraternity (TKE), and hopefully the first national chapter on campus.

Teke's are active in all phases of collegiate life. In the last election Teke men were elected to six positions in student government: four senate seats, the Vice Presidency, and the Treasury.

Teke's are noted for their participation in student activities. In almost every club open to males on campus they hold positions of responsibility. Teke's helped in all phases of the Activities Committee last year. George Mason Day would not have been a success without the support of TKE. Apathy toward college is rarely shown by these individuals.

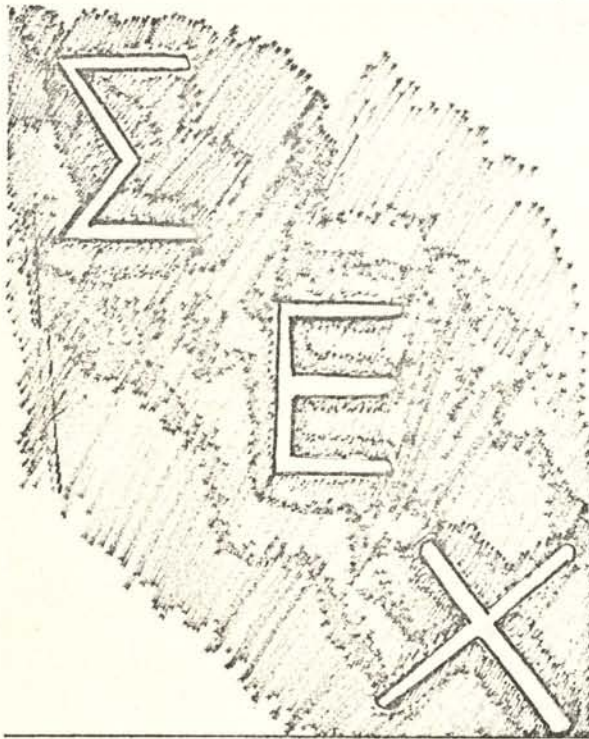

Teke fields a respectable team for every intramural sport held on campus. They play hard and to win, but they never seem to lose their joviality. Sportmanship and fair play are characteristic of Teke men. In the All-Star game with NOVA the Tke's added their share to the Stars and the success of the game. They are also active in collegiate baseball and basketball.

TKE will hold its fall rush in September. It's open to all male students. TKE doesn't believe in hazing. A man's dignity and equality are foremost considerations and no man should have to degrade himself.

The energy spent in hazing is channeled into other constructive patterns. The pledges are required to accomplish a service project financed by themselves benefiting the school-community relationship. Projects have included: a trip to Wilmington, Del., to perform a variety show for children in the Alfred Dupont Hospital, a field trip for Junior Village to the National Zoo and an Easter party for retarded children.

The Teke's are definitely a movin, groovin group of guys that know how to have fun and how to work hard. They are most outstanding and those men who wish to join a fraternity should definitely check into TKE. TKE stands for men!

Sigma Epsilon Chi

Sigma Epsilon Chi is a Greek fraternity composed of both men and women. In its unique approach Sig Ep provides common goals and interests for its members to work on together.

Not only do Sig Ep members work together, they have fun together. They hold numerous picnics and parties. Culture doesn't seem to be lacking either as Sig Ep is continually going to plays or movies.

Surprisingly, this group has no dues or pledge fees. If money is needed, each individual pays his or her own share. Most activities follow the rule of you-bring-one-thing-and-I'll-bring-another.

Pledgeship lasts until all pledge requirements are met. Each female pledge has a big brother and each male pledge has a big sister. This group rarely holds rush as there seems to be enough interested people to forego this procedure. If more information about Sig Ep is required, please contact Dave Hanson. Only one requirement is necessary: if you are the type of individual who knows that he has a test on Monday, yet goes on a Sig Ep sponsored activity Sunday, then contact them.

S A G E

SAGE is a women's organization dedicated to providing service to the college, the administration, and the community. It has been chartered since the fall of 1965 due to the efforts of a small group of girls who worked throughout that preceding summer to obtain funds for the charter.

SAGE activities include bake sales, dances, helping at the registration of new students, ushering at special college functions, collecting for charity drives, hostessing for the Chancellor's Tea, for the Chancellor's Open Houses and for visiting delegations, and presenting fall and spring fashion shows for the benefit of the George Mason Foundation, a scholarship fund. Last year, SAGE was able to contribute \$200 to the scholarship fund, \$100 toward library books, and \$100 to Camp Tapawingo, a recreation center for mentally retarded children.

In order to be considered for membership, coeds must have at least a 2.0 average, and must have completed at least one semester at George Mason. Interest in the college and the desire to serve play major roles in the final selection of members. Rushing events, consisting of one open tea and two closed ones, are held during second semester. Pledging lasts five weeks and activities during this time stress service and sisterhood.

SAGE invites all girls who are interested in serving the college and the community and in developing lasting friendships to attend the Rush Teas during the spring semester.

Theta Chi Beta

THETA CHI BETA was founded in November of 1969 with a goal of providing an additional alternative to Greek life on campus. It is the newest addition to the expanding fraternal system at George Mason College. In the Spring of 1969, Theta Chi Beta successfully fulfilled the membership requirement of the Greek Council, thus becoming the first new member. With out question, brotherhood is the most cherished ideal of the fraternity. The members feel that the Greek system provides the perfect atmosphere for the promotion of growth and maturity.

Last Spring, the fraternity sponsored a book drive for the George Mason Library; thereby experiencing the pleasure of working for the betterment of community and self. Theta Chi Beta hopes to make college a more enriching experience both scholastically and socially.

The term of pledging begins the second week of October and lasts the duration of the semester. Theta Chi Beta maintains a pledge policy which is non-hazing in nature. The goal of the pledgeship is to help the pledges become good brothers. Theta Chi Beta uses a big brother-little brother system in order to help the individual pledges with their scholastic and social responsibilities to the school and fraternity respectively.

The President and one of the founding fathers is Larry Pripeton. The Vice President, Kent Lundberg, was among the first new members, as well as Paul Girgel, the fraternity's Secretary. Our Treasurer, Kurt Rauscher, was a member of the spring pledge class and is our newest officer. They and the rest of the brothers are always available to answer any questions about the fraternity.

All interested men are invited to attend rush smokers and talk to the members on September 26th and 27th.

Other Campus Organizations

ASTERISK, the literary magazine of George Mason College, is published twice during the academic year. Each issue features poetry, essays, short stories and art work. Any person interested in contributing to **ASTERISK** should submit one signed and one unsigned manuscript to the Language Dept. secretary.

GUNSTON LEDGER is the campus newspaper of George Mason College. This year's editor, Orville Wood, is planning a 16 page weekly edition. It will include a more comprehensive account of the sports, activities, and controversies on campus. Writers, photographers, typists, layout help and admen are needed to work on the paper; no experience is needed.

SPECTRUM is a student service and discussion organization. It promotes the cultural life of the College through speakers, discussions, films, charity fund drives and involvement in the local Head Start program. This past year they have worked towards the establishment of a "Free University" program.

It has the aim of improving the outlook of students on education through the opportunity to take courses not regularly offered and regular courses students have not been able to take.

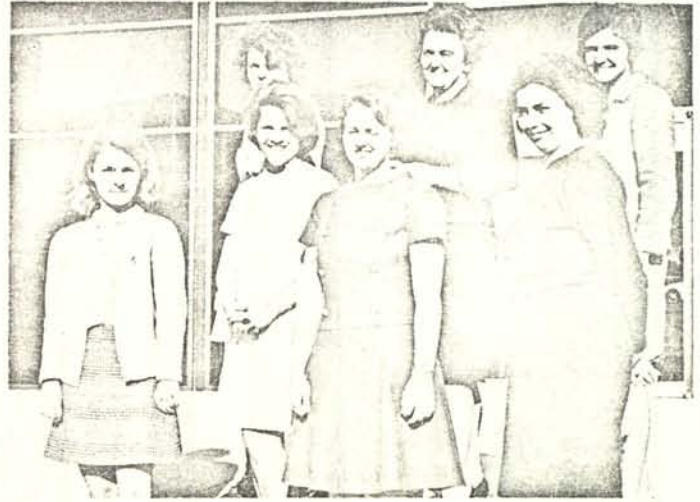

YOUNG DEMOCRATS and **YOUNG REPUBLICANS** promote political activities and interests among the students for their respective parties.

WHIG SOCIETY is the debating and forensic society of George Mason College. It adds to the culture of the GMC campus life by bringing to the campus distinguished speakers. Regular membership is extended to faculty and students of GMC who have demonstrated themselves worthy of membership by successfully passing a probationary period. Full membership is achieved after the prospective member gives a speech and is voted upon. Several times the WHIGS travel to nearby Gunston Hall, estate of George Mason, to conduct their meetings in the true tradition and spirit of patriotism (with a keg of beer to liven things up).

The **LECTURE SERIES CLUB** and the **NATIONAL AND WORLD AFFAIRS CLUB** have been recently formed on GMC campus.

The Lecture Series Club receives an allocation each semester from the Student Government for guest speakers and entertainers. Last year the club brought George Elliot to the Mason Campus. The Lecture Series Club was also responsible for the presence of famed Charlie Byrd at George Mason.

Last spring the World Affairs Club, together with the Spanish Club, sponsored International Week. This was an exciting week of guest speakers, presentations, displays and exotic foods.

Business Women's Club.

THE LIBRARY

The Charles Fenwick Library, named for the Virginia senator who contributed to the establishment of George Mason College, has been located in its present location for two years. At present there are 31,000 volumes, including 5,000 bound periodicals. 10,000 more are expected this year and 35,000 more in the next two years. At present the 31,000 sq. ft. building is equipped to hold 60,000 volumes. Although the building is presently offset in mass, this building is only the first phase of a much larger plan. The second phase will, hopefully, be under construction during 1970-72. The library is completely open stacks which leads to more efficient service to the student body.

At present there is seating for 275 students including the conference and seminar rooms which are used for small classes, meetings and counseling. Tables, chairs, carrels and sofas are available for study purposes and a smoking lounge is located on the lower level.

The focus of the library is the dominant intellectual interests of the college and the library is service-oriented towards the students. It exists to emplement the classroom. TWX service is available to any library in the state and a free card to Fairfax County libraries is available. The catalog of Fairfax County libraries is also available. The major contribution of the students is to simply use the collection. The library is open approximately 70 hours a week.

9-9 Monday thru Thursday
9-5 Friday and Saturday
11-5 Sunday

During exam week and the week prior to exams the library is open to 11 or 12 PM. During school hours the library can be reached by calling the main switchboard at 591-4606. With the increased staff this year, much more help and assistance can be given to the students over a greater period of time.

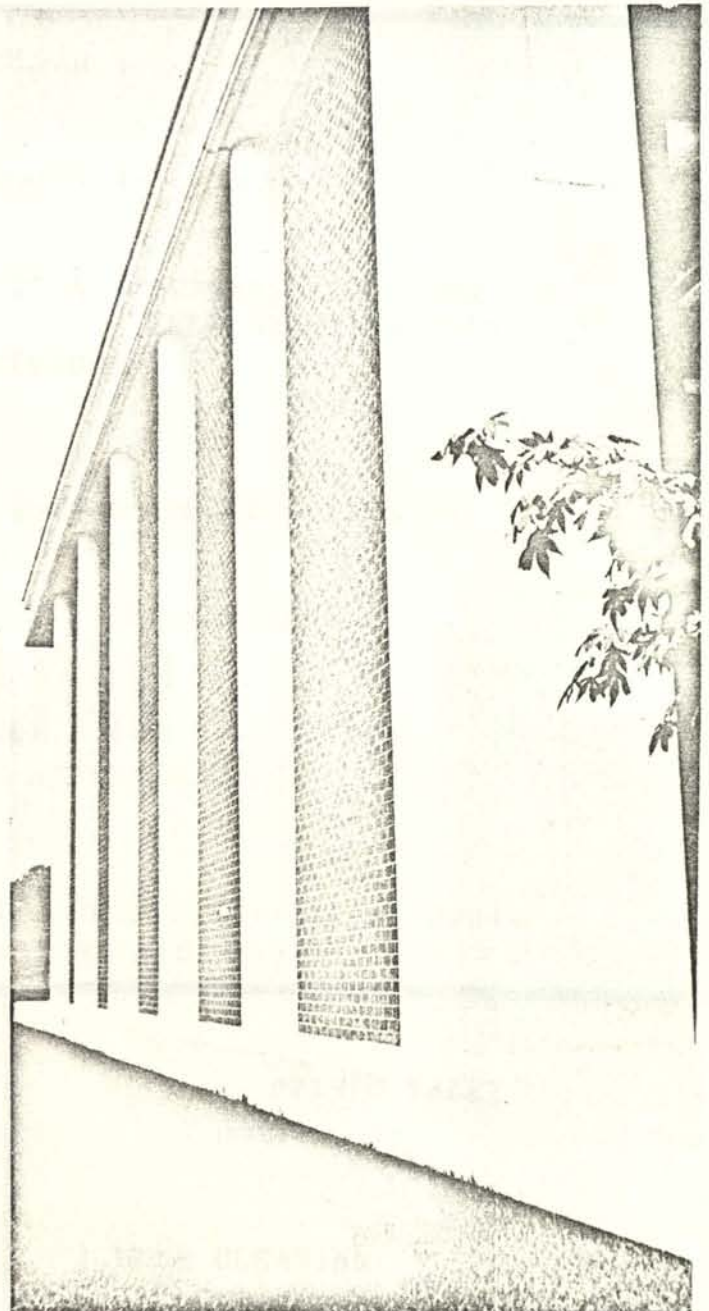

CAMPUS POLICE

The Campus police have been in existence since the beginning of the college. There are now 8 officers and two secretaries in security. These are Chief Louis E. Law, J.D. Jenkins, George Handel, Raphardy, Gifrich, Pappas, McElligott and Bentin. The secretaries are Mrs. Bruazinski and Miss Sharon Baker.

The office is located on the west end of North building marked "Security." The office is open from 8 - 4:30 Monday through Friday. During the day they can be reached at est.

through Friday. During the day they can be reached at ext. 259. The night connection is 591-9134.

LOST AND FOUND articles may be turned in or claimed any time during the day at the Campus Police Office, located on the first floor of the North Building.

MISSING LINK

MISSING LINK, organized by the Campus Ministry and the Student Co-ordinating Council, is the Ecumenical Center of George Mason College. It is opened to all students as a place to essentially 'do your own thing'. There are pool and ping pong tables and a den for study. Located across the road from the

basefield, the LINK is open from 9 AM to 4 PM and from 6 PM to 10 PM on Monday through Friday. The LINK is also opened to all recognized clubs on campus who wish to hold meetings or have parties. For further information you may call the MISSING LINK at 273-3832.

REGULATIONS FOR USE OF MOTOR VEHICLES

I. REGISTRATION

Every student who owns, maintains, or operates a motor vehicle when the College is in session, including holidays, shall register such vehicle with the Campus Police Office. Any vehicle that requires a State license is classed as a motor vehicle. Initial vehicle registration fee is \$1.00. Subsequent registration of additional vehicles by the same student is complimentary.

If a student is obliged to drive a car other than the one registered, this fact must be reported to the Campus Police Office during the same day to avoid penalty. A student who alternates family cars when driving to the campus must register each one.

It is expressly forbidden that one student shall register a vehicle for another student.

Students shall report any change of State license plates within 72 hours from the time the change is made.

If one student passes title to a motor vehicle to another student, the seller must notify the Campus Police Office within 24 hours of the exchange.

II. DISPLAY OF DECALS

Every registered vehicle must display in full view the College's Vehicle Registration Decal. The decal shall be affixed upon issuance to the **left half of the rear bumper**. Traffic fines will be issued when Decals are displayed elsewhere.

A defaced decal must be reported to the Campus Police Office within 48 hours and a new one issued. Fee \$.25.

Invalid College decals must be removed.

Payment of the \$1.00 for Registration Decals entitles the student to as many decals as there are family cars. **Request for additional decals must only be made for family cars.**

III. PARKING REGULATIONS

Special parking privileges may be granted to those students who have a physical handicap, or otherwise are unable to walk from the student parking area. Each such case will be considered on its individual merit.

Motor bikes must be parked in the designated area. Tickets will be issued to motor bikes parked elsewhere on the campus.

VI. VISITOR PARKING AND STUDENT PICK-UP

Visitor parking and student pick-up area is located at the south side traffic circle in front of the Administration Building. Drivers waiting to pick up students are requested to utilize this designated area to avoid obstructing the normal flow of traffic around the circle.

V. PASSENGER DROP AREA

The area immediately in front of the main walkway to the North Building is established to permit vehicles to come

to a temporary stop, discharge or take on passengers, and then proceed. This area is restricted to parking and standing and violators will be cited. Vehicles required to wait for passengers must utilize the designated visitor area.

VI. PENALTIES AND ENFORCEMENT

For operation of a motor vehicle by a student not entitled to motor vehicle privileges: For this offense the penalty may be suspension from the College after a hearing by the Dean of Students.

Suspension from the College or revocation of student driving privileges may be invoked for just cause.

For failure to remove invalid decals: fine \$2.00.

For failure to display decal correctly: fine \$2.00.

For failure to register vehicle, report change in State license plates, or report sale of vehicle to another student: fine \$2.00.

Payment of fines for traffic violations for the filing of applications to appeal are due in the Campus Police Office within seven days of the citing date. Failure to pay or appeal within seven days will result in an additional penalty of \$2.00 and the student will be notified by letter to this effect.

Traffic citations require payment of the fine. The penalty imposed may be appealed to the Traffic Control Committee which has final jurisdiction over the case. In the event the citation is appealed the fine must be paid at the conclusion of the hearing before the Traffic Control Committee—unless such fine is rescinded.
